Chicago, November 12, 2009, NASA Midwest, Inc.

NASA Great Lakes is pleased to announce Joe Sullivan as the new Series Director of the Time Trials Series in the Great Lakes Region.

"I started out in HPDE1 in 2006 and worked my way through the program to Time Trials, obtaining my TT license mid season 2008. I've not looked back, securing two championships in 2009, HPDE Driver of the year in 2007 and 2009 Instructor of the Year and Most improved Driver of the Year! Besides NASA Time Trials being the premiere series of its genre, Time Trial drivers are an exciting bunch of people from all walks of life. I'm looking forward to improving the driving experience and growing NASA Time Trials in the Great Lakes Region", said Joe.

"I am excited to have Joe on board. Joe stood out this year as someone willing to do whatever it takes to get the job done. He has been a asset to our program assisting our 2009 Time Trial Directors Jerry Hunt and Geff Sawtelle . NASA Great Lakes Time Trial drivers are in good hands." said Bryan Cohn, Director of Competition for NASA Midwest, Inc.

Joe took the reins at 2 events in 2009, Gingerman and Putnam Park and will hit the ground running in plenty of time for 2010!
